**Cassette Options**

Made from engineering-grade, precision-extruded aluminium, Zipscreen Headboxes are durable and sleek.

**Automate Push remote control**

When paired with an Automate motor your Zipscreen blinds are controlled using the stylish Push remote controls available in white or black. Internal & External blinds can be controlled via one remote.

**Bearing Idler and Reducer**

The robust bearing idler features dual stainless steel roller bearings and a 15mm diameter stainless steel shaft to ensure a secure hold, premium consistent operation, and superior longevity. The reducer collects the zip ensuring a smooth fabric finish.

**Aluminium Tube**

Aluminium tube options range from 80mm to 130mm, achieving widths up to 7m wide.

**Colour swatch**

Zipscreen is available in a range of colours matched to popular Dulux & Colorbond exterior colours to seamlessly integrate into your home.

**z-LOCK™ Side Fastening Channels**

Concealed within slimline channels, Zipscreen's patented z-LOCK™ technology fastens the fabric securely, creating a strong hold and smooth operation.

Upgrade to an Ultra-lock, hidden inside the side channels for a one action close and tension.

Inner channels offer up to 20mm adjustment to correct out of square areas.

Insert fabric with zip sample located in mesh compartment to showcase a secure hold.

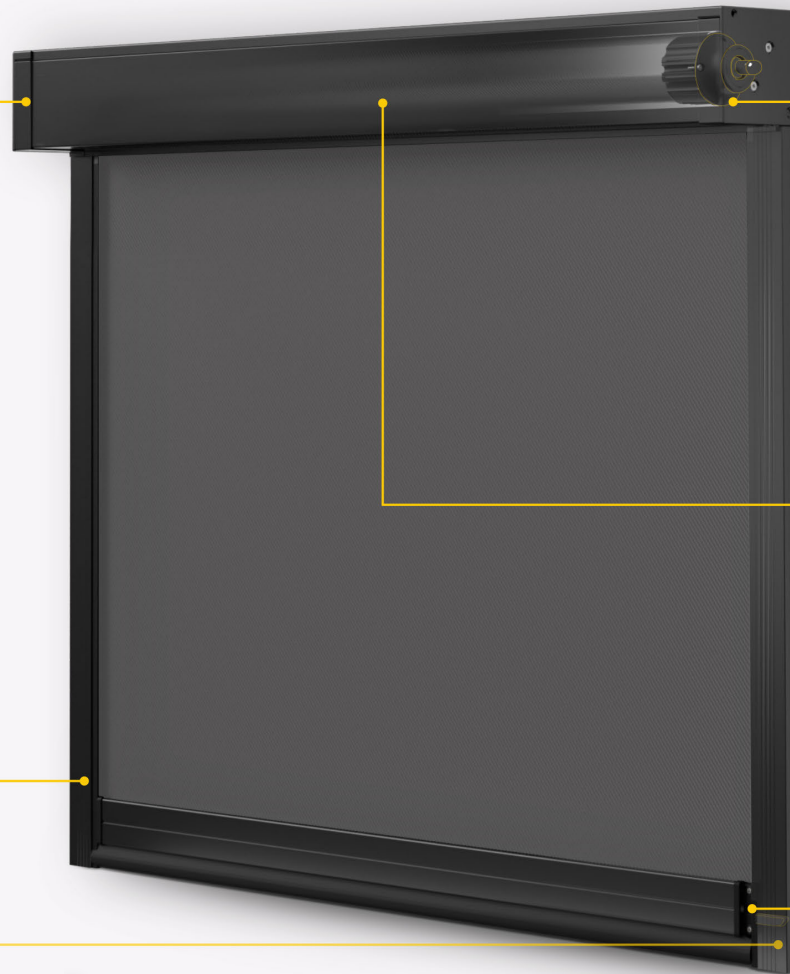

**Weight bars (F56 & F72)**

Slimline square design made from extruded aluminium with additional weight provisions for improved motorised shade operation. Bubble seal strips are also available ranging from 8-40mm in height to seal up uneven floors. Scan QR code to see more.
